The Research and Training Centre in Physical Sciences for Health and its programmes are managed by **[Professor Mike Hannon \(Director\)](#)** ([/staff/profiles/chemistry/hannon-michael.aspx](#)), **[Dr Hamid Dehghani](http://www.cs.bham.ac.uk/~dehghanh/)** (Course Lecturer), and supported by an **[administrator](#)** ([/research/activity/psibs/staff/administrative.aspx](#)).

A **[Steering Committee](#)** ([/research/activity/psibs/staff/academic.aspx](#)) and **[Mentor Panel](#)** ([/research/activity/psibs/staff/academic.aspx](#)) of senior academic staff monitor all the training and provide strategic direction, whilst a wider academic team delivers our training and research. This network of academic expertise includes senior researchers with a strong record of pioneering work at the Life Sciences Interface and with extensive experience in leading interdisciplinary research teams and the supervision of doctoral students.
