

## Undergraduate study in war

What is war? Why study it? Why are wars so common? What are they for? What, if anything, do they achieve? How have combatants (and non-combatants) experienced war and how has this changed over time? How does war affect society and how does society affect war? How important are technology, leadership and tactics to the outcome of wars?

If these questions are of interest to you, then an undergraduate BA in War Studies at Birmingham could be the right choice for your degree.
