**Year 8 (aged 12 – 13 years)**

**10-15 pupils in each group**

Sutton Coldfield Grammar School for girls is holding a 'Guess my Job' event, where pupils will 'guess' the careers of STEM Ambassadors by asking a series of questions. The school would like to recruit 15 professionals to take part. They are looking for STEM Ambassadors from all backgrounds so that the students can learn about a variety of career routes. In small groups, students will have 7 -10 minutes to question you about your job role. Students will then be required to gather enough information from the last professional they speak to, in order to produce a job advertisement and description based on the role of that professional. The best job description/advertisement will be presented in the school hall at the end of the event.
