---

**Interactive STEM Session**  
University of Birmingham B15 2TT  
18th March 2013  
1.15pm -2.15pm  
Year 11 (aged 15-16 years)  
45 students

A group of gifted and talented students from from Tudor Grange Academy in Solihull will be visiting the university in March. As part of their visit we would like to offer them an interactive lecture/presentation related to STEM. We are looking for an ambassador who would be willing to run this session, based on a STEM activity/project of your choice. The students have been identified as high ability and so the session needs to be as interactive as possible.
