Meet the Scientist

John Henry Newman Catholic College (<http://www.johnhenrynewmancatholiccollege.org.uk/>) B37 5GA

25th February 2013

Full or Half Day depending on availability of ambassadors

Year 9 (aged 12/13 years old)

200 students, divided into smaller groups of 15

Meet the Scientist is an off curriculum day for students to begin thinking about what GCSE/BTEC options they will choose. It is an activity day to inspire students and broaden their STEM career horizons.

The school are looking for a number of Ambassadors to work with small groups to inform them of the careers that can be achieved by studying STEM Subjects. Practical activities are needed and will be repeated with the different groups throughout the day. They are also looking for an ambassador who would be willing to speak to all of the students in the morning and launch the day with an inspirational talk.
