

Meet our scientists at the ThinkTank Birmingham

Posted on Thursday 15th March 2012

As part of Brain Awareness Week - 12-18 March 2012 - there is an opportunity to Meet the Scientist with Dr Alicia Hidalgo, of the Neuro Development Group within our School of Biosciences, at the ThinkTank in Birmingham on Saturday 17 March 2012 from 12 noon to 4pm.

Dr Hidalgo will take the floor and present various aspects of her activities, propose different practical demonstrations and be ready to engage and discuss on various aspects of neurosciences.

The work of Dr Hidalgo's lab aims to understand how the nervous system – including the brain – is formed and works.
