Consultants from the Careers in Business team lead a range of sessions which are supplemented by presentations and workshops led by training consultants, employer representatives and alumni. Coaching sessions are also available, enabling students to focus individually on their development of key skills

Vacancy and Employer Liaison Services

The Employer Liaison team works with employers to attract relevant opportunities into the School. Vacancies notified to the School are made available to students through the School's virtual learning environment and the team also provide information and advice about external sources of vacancy information. Careers in Business events supported by employers have included presentations, drop-in sessions, mock interviews and a mock assessment centre.

If you decide to pursue a published vacancy it will be your own responsibility to apply and go through the employer's selection process.

Careers and Employability Centre

Postgraduate Business School students can also use the Careers and Employability Centre for vacancy information, presentations and fairs, workshops and the information room. See www.as.bham.ac.uk/careers (<http://www.as.bham.ac.uk/careers>) for further information about services.
