

Accredited Courses

Our courses are accredited by ACCA, The World Body for Professional Accountants.

Centre of Excellence in Finance Teaching

Accounting and Finance at Birmingham Business School is home to the first and only undergraduate course in the UK to be managed by the Chartered Institute for Securities & Investment (CISI) as a Centre of Excellence for Finance Teaching.

Global Prospects and Employability

Being able to speak more than one language is a valuable skill in today's global economy. Our students are encouraged to learn a second language, with the average salary of graduates over £22,000.

A Well Established Research Record

The Department has a well established research record, evidenced by publications in top journals and accounts of winning competitive research grants and awards. Recent research grants and knowledge transfer collaborations have included funding from the World Bank, the European Union, the British Psychological Society, the ICAEW, CIMA, ACCA, UK Economic and Social Research Council, the British Venture Capital Association and HM Treasury.
