

## Management Alumni Community Grows

Posted on Sunday 24th July 2011

Since its inauguration in 2005, the Human Resource Management MSc programme at Birmingham Business School (BBS) has grown from strength to strength, incorporating a highly successful and diverse international student body and alumni. In 2010 nearly 50 students graduated, with a prize for the best overall performance on the 2009/10 programme being awarded to Togzhan Ibrayeva.

To build on these achievements and support the BBS Human Resource Management MSc community, we have set up a new LinkedIn site specifically to enable alumni to network with their peers as well as share knowledge and opportunities with current students.

 Dr Rory Donnelly HRM MSc Programme Director I trust that alumni will find the site beneficial and wish all HRM graduates the very best of success for 2011.

**[To hear further news and developments from BBS and to be invited to exclusive alumni events in the UK and overseas update your details now \(/schools/business/alumni/stay-in-touch/update.aspx\)](/schools/business/alumni/stay-in-touch/update.aspx)**
