China wants your lunch and India wants your dinner.

Fixing Britain to thrive in the global economy - the Annual Business Breakfast with Lord Digby Jones

Lord Jones has served at the highest levels of both business and government and in this event he shares his experience and (often forthright) opinions about what British business needs to do to thrive in an increasingly global economy.

Knowledgeable, authoritative and independent, Digby argues how untenable the status quo is in the UK, and sets out how Britain can get back in – and stay in – the globalised game.

In a long standing relationship with Lord Jones, Harvey Nash is delighted to be championing The Power of Talent as a key competitive advantage for UK businesses.

We look forward to welcoming you to this exciting event.
