

MBA Launch New Public Service Course

Posted on Sunday 24th July 2011

MBA Public Service

We are very pleased to announce the launch of the part-time MBA Public Service, which will be receiving its first intake of students in October 2011. This latest addition to the Business School's suite of MBA Executive programmes combines the best of the core management modules from the UK Executive MBA with modules in key areas of public service management from the University's highly-regarded **[Institute of Local Government Studies \(INLOGOV\)](/schools/government-society/departments/local-government-studies/index.aspx)** (</schools/government-society/departments/local-government-studies/index.aspx>)

The programme is designed to deliver structured personal and professional development to current and future leaders working across the public, voluntary, third and commercial sectors. At a time when governments and public sector bodies worldwide are faced with immense financial and policy challenges this represents the perfect opportunity to acquire the skills and knowledge necessary to meet those challenges.
