About

Specialisms include;

- Regional and local economic change, with particular reference to the emergence of regional knowledge economies in a cross-national context
- Evolving patterns of public sector governance, strategy and leadership, as between markets, hierarchies, groups and decentred networks
- Issues in the theorization of political and economic change at the sub-national level (from regional innovation to spatial scale to spatial leadership)

Research

Current and recent projects

- Regional Integrated Strategies in Europe (RISE), EU ESPON 2013 programme (2010-2012)
- A Framework for Understanding Local Authority Responses to the Recession, UK Audit Commission (2009)
- Networking and Cross-Border Cooperation in the Development of the Øresund Life Sciences Cluster, Birmingham City Council (2009)
- Regional Trajectories to the Knowledge Economy: A Dynamic Model (EURODITE), European 6th Framework Program Integrated Project, DG Research (2005-2010)
- The Digitalisation of Birmingham; three linked projects for Digital Birmingham (2008)
- The development of creative industries in Birmingham, ERDF, Birmingham City Council (2007)
- The development of e-commerce in the West Midlands, European Regional Innovation Strategy; Advantage West Midlands (RDA) (2003)
- Economic strategy development to the City of Ekaterinburg, Russian Federation; Department for International Development (2000)
- An Assessment of Regional Economic Strategies across English Regions, DETR (2000)
- Modelling Sustainable Development in the European Information Society, EU Environment and Climate Programme (1997-2000)

Other activities

External Involvements
