MSc Clinical Oncology - what our students say:

“ Andrew Gillian, Lead Pharmacist for Oncology and Haematology "I have felt privileged to be able to hear the views of clinicians and others who are working at the leading edge of their specific fields"

“ Benjamin Roe, Macmillan Lead Allied Health Professional "The expertise and knowledge of the lecturers has been exceptional"

“ Farhan Naim, Clinical Trials Portfolio Manager "the course has been very worthwhile and I would highly recommend it to any cancer professional."

“ Jackie Askew, Macmillan Nurse Specialist "I'll have gained more than just a qualification, but also a wide knowledge basis to aid delivering effective healthcare and treatments to future cancer patients."
