[Dr Matthew Harrison \(/schools/cem/staff/profile.aspx?ReferenceId=15201\)](#)

Research Fellow

Cardiovascular and Respiratory Sciences

Matthew is a post-doctoral Research Fellow reasearch investigating the role of src family kinases (SFKs) in inflammation.

[Dr Peter Hewett \(/schools/cem/staff/profile.aspx?ReferenceId=15205\)](#)

Lecturer

Cardiovascular and Respiratory Sciences

Peter Hewett is a lecturer in vascular and reproductive biology. His interests include the regulation of endothelial genes involved in vascular development, remodelling and homeostasis and how they may impact in pathologies such as diabetes, atherosclerosis, obesity, pre-eclampsia and cancer. He teaches various aspects of applied reproductive biology, pregnancy, transgenesis and molecular biology.

[Dr Craig Hughes \(/schools/cem/staff/profile.aspx?ReferenceId=15097\)](#)

Research Fellow

Cardiovascular and Respiratory Sciences

Craig is a post-doctoral researcher investigating tyrosine kinase-based signal transduction in platelets. He is also interested in the role of platelets in development and disease.
