Dr Konstantinos Manolopoulos (/schools/cem/staff/profile.aspx?ReferencId=42837)

Clinical Lecturer in Endocrinology and Diabetes

Endocrinology, Diabetes and Metabolism

Konstantinos Manolopoulos is a Clinical Lecturer in Endocrinology and Diabetes with a research interest in human in vivo metabolic physiology. He is exploring the hormonal determinants of adipose tissue function, and the cross-talk between adipose tissue and muscle. His research is funded by the Society for Endocrinology and the Academy of Medical Sciences.

He is a ...

Professor Chris McCabe (/schools/cem/staff/profile.aspx?ReferencId=8251)

Professor Of Molecular Endocrinology

Endocrinology, Diabetes and Metabolism

Chris McCabe is Professor of Molecular Endocrinology at the University of Birmingham. He works on mechanisms of endocrine cancers, including thyroid, breast and head and neck tumour models. Specifically, the research of the McCabe group focuses on assessment of the role of the proto-oncogenes PTTG and PBF in thyroid, breast, head and neck and colon tumours; in vitro and in vivo models ...

Dr Jonathan Wolf Mueller (/schools/cem/staff/profile.aspx?ReferencId=64165)

Senior Research Fellow

Endocrinology, Diabetes and Metabolism

Jonathan Mueller is a Senior Research Fellow at the Centre for Endocrinology, Diabetes and Metabolism at the University of Birmingham. Jon is a protein biochemist by training who now applies his profound knowledge in the context of endocrinology.

Being an enthusiastic scientist, Jon has authored more than 15 research papers and received various fellowships (e.g. EMBO ...
