[Dr Andrew Powell \(/schools/cem/staff/profile.aspx?ReferenceId=8823\)](/schools/cem/staff/profile.aspx?ReferenceId=8823)

Lecturer in Neuropharmacology

Neurobiology

Andrew Powell is a Lecturer in Neuropharmacology in the College of Medical and Dental Sciences. Andrew's research investigates the pathophysiology of disorders of the brain; potential treatments and the impact this has on normal brain function.

[Dr Clare Ray \(/schools/cem/staff/profile.aspx?ReferenceId=6807\)](/schools/cem/staff/profile.aspx?ReferenceId=6807)

Lecturer in Cardiovascular and Respiratory Science

Cardiovascular and Respiratory Sciences

Clare Ray is a lecturer in Cardiovascular and Respiratory Sciences. She is principally an *in vivo* physiologist and her research interests are in the area of cardio-respiratory integration and control. Clare's work has focussed on the control of oxygen delivery particularly in response to systemic hypoxia (acute, chronic and intermittent) and exercise, on which she has published a ...

[Dr Doug Richards \(/schools/cem/staff/profile.aspx?Referenceld=6876\)](/schools/cem/staff/profile.aspx?Referenceld=6876)

Honorary Research Fellow

Neurobiology

Dr Richards has published over 40 research papers in scientific journals, as well as reviews and book chapters. He is an expert in analytical biochemistry and, in particular, high performance liquid chromatography with electrochemical detection. He has also applied the technique of microdialysis in both basic science (absence epilepsy) and in clinical studies.

[Dr Elizabeth Sapey \(/schools/cem/staff/profile.aspx?Referenceld=15340\)](/schools/cem/staff/profile.aspx?Referenceld=15340)

Clinician Scientist

Cardiovascular and Respiratory Sciences

Dr Sapey's goal has always been to pursue a career in Academic Respiratory Medicine. She is excited by the prospect of applying her evolving understanding of neutrophil function and trafficking to developing new therapeutic strategies in COPD. Her goal over the next 10 years it is to extend her expertise in neutrophil biology, to develop a team to investigate inflammatory signalling ...

[Dr Barney Scholefield \(/schools/cem/staff/profile.aspx?Referenceld=81895\)](/schools/cem/staff/profile.aspx?Referenceld=81895)

Consultant Paediatric Intensivist & Honorary Senior Research Fellow

Cardiovascular and Respiratory Sciences

Dr Barney Scholefield is a clinical academic researcher within the field of paediatric neuro-critical care. He is based as a consultant at the Paediatric Intensive Care Unit, Birmingham Children's Hospital and works in partnership with the University of Birmingham's Perioperative, Anaesthesia and Critical Care Trials (PACCT) Group.
