British Heart Foundation Senior Research Fellow

Cardiovascular and Respiratory Sciences

Yotis is a British Heart Foundation Senior Research Fellow in the School of Clinical and Experimental Medicine and a senior member of the Birmingham Platelet Group. He was appointed Chair in Cellular Haemostasis in 2013. His main research interests are platelet protein-tyrosine phosphatases and how they regulate platelet activation, thrombosis and haemostasis.

Yotis ...

Senior Lecturer in Pharmaceutics

Pharmacy and Therapeutics

Peter is part of the team developing the new Master of Pharmacy undergraduate degree programme.

Peter teaches and researches in pharmaceutics, one of the core scientific disciplines of pharmacy. His primary research interests are in the development of medicines that can be inhaled by a patient, either to treat diseases of the lung (e.g. asthma, COPD) or as a means ...
