[Dr Gareth Lavery \(/schools/cem/staff/profile.aspx?Referenceld=6818\)](/schools/cem/staff/profile.aspx?Referenceld=6818)

BBSRC David Phillips Fellow

Endocrinology, Diabetes and Metabolism

Gareth Lavery is a BBSRC David Phillips Career Development Fellow and has published a number of high impact research papers in scientific journals as well as reviews in the fields of endocrinology, metabolism and genetics. He has received major grants from the Wellcome trust, The MRC, the BBSRC and the European Research Council.

Gareth is keen to talk about ...

[Dr Siân Lax \(/schools/cem/staff/profile.aspx?Referenceld=24911\)](/schools/cem/staff/profile.aspx?Referenceld=24911)

Research Fellow

Cardiovascular and Respiratory Sciences

Siân Lax is a post-doctoral research fellow working in Doctor David Thickett's Lung Injury Group. Her current project involves understanding the role of glucocorticoids and Vitamin D in the severity and persistence of acute lung injury (ALI) using in vivo models of lung inflammation and injury. Her previous post-doctoral work involved elucidating the in vivo role of mesenchymal ...

[Dr Wendy Leadbeater \(/schools/cem/staff/profile.aspx?Referenceld=6820\)](/schools/cem/staff/profile.aspx?Referenceld=6820)

Senior Lecturer in Medical Sciences

Neurobiology

Wendy Leadbeater is a senior lecturer in Medical Sciences, based in the School of Clinical and Experimental Medicine. She has a predominant teaching role and due to her interest in education is involved in pedagogical educational research with other members of the college. She has also published research papers in the field of neuroscience.

[Professor Gregory YH Lip \(/schools/cem/staff/profile.aspx?Referenceld=6810\)](/schools/cem/staff/profile.aspx?Referenceld=6810)

Consultant Cardiologist & Professor of Cardiovascular Medicine, Director - Haemostasis Thrombosis & Vascular Biology Unit

Cardiovascular and Respiratory Sciences

Professor Lip, MD, is an academic clinical cardiologist based in a busy city centre teaching hospital and leads a large, multidisciplinary research group (including clinical and laboratory-based components).

He is also Visiting Professor of Haemostasis Thrombosis and Vascular Sciences in the School of Life & Health Sciences at the University of Aston

[Dr Konstantinos Manolopoulos \(/schools/cem/staff/profile.aspx?ReferenceId=42837\)](/schools/cem/staff/profile.aspx?ReferenceId=42837)

Clinical Lecturer in Endocrinology and Diabetes

Endocrinology, Diabetes and Metabolism

Konstantinos Manolopoulos is a Clinical Lecturer in Endocrinology and Diabetes with a research interest in human in vivo metabolic physiology. He is exploring the hormonal determinants of adipose tissue function, and the cross-talk between adipose tissue and muscle. His research is funded by the Society for Endocrinology and the Academy of Medical Sciences.

He is a ...
