

Combined research and taught programmes

Combined degrees

[Chemical Engineering PhD with Integrated Study \(/postgraduate/courses/combined/chemical-engineering/chemical-engineering-integrated.aspx\)](/postgraduate/courses/combined/chemical-engineering/chemical-engineering-integrated.aspx)

Postgraduate Combined research and taught, doctoral research Full time, part time

[Chemical Engineering Science MRes \(/postgraduate/courses/combined/chemical-engineering/chemical-engineering-science-mres.aspx\)](/postgraduate/courses/combined/chemical-engineering/chemical-engineering-science-mres.aspx)

Postgraduate Combined research and taught Full time, part time

[Formulation Engineering EngD \(/postgraduate/courses/combined/chemical-engineering/formulation-engineering-engd.aspx\)](/postgraduate/courses/combined/chemical-engineering/formulation-engineering-engd.aspx)

Postgraduate Combined research and taught Full time

[Hydrogen, Fuel Cells and their Applications MRes \(/postgraduate/courses/combined/chemical-engineering/hydrogen-fuel-cells-mres.aspx\)](/postgraduate/courses/combined/chemical-engineering/hydrogen-fuel-cells-mres.aspx)

Postgraduate Combined research and taught Full time, part time

[Hydrogen, Fuel Cells and their Applications PhD with Integrated Study \(/postgraduate/courses/combined/chemical-engineering/hydrogen-fuel-cells-integrated-phd.aspx\)](/postgraduate/courses/combined/chemical-engineering/hydrogen-fuel-cells-integrated-phd.aspx)

Postgraduate Combined research and taught, doctoral research Full time

[MRes in Agriculture and Food \(/postgraduate/courses/combined/chemical-engineering/agricultural-food-industry-research-mres.aspx\)](/postgraduate/courses/combined/chemical-engineering/agricultural-food-industry-research-mres.aspx)

Postgraduate Combined research and taught Full time, part time
