

## Study opportunities

Deciding on a university degree programme can be difficult. How do you start to make a decision? There are several opportunities throughout the year to visit us:

- [Year 12 Taster Course \(/schools/chemical-engineering/undergraduate/before-university/taster-course-chemical-engineering.aspx\)](/schools/chemical-engineering/undergraduate/before-university/taster-course-chemical-engineering.aspx)  
Deciding on a university degree programme can be difficult. How do you start to make a decision?
- See below for open days details

## Chemical Engineering Open Days

- Saturday 18 October 2014

Thinking of joining us at the University of Birmingham? We asked our students to give 10 reasons why you should study here:

Adobe Flash Player or QuickTime is required for video playback. [Get the latest Flash Player](#) [Get the latest version of QuickTime](#)

A typical open day programme within Chemical Engineering is below. You'll find further information at the [Undergraduate Open Day microsite \(/undergraduate/visit/ug-opendays.aspx\)](/undergraduate/visit/ug-opendays.aspx)

- Display and information desk  
Great Hall, Ground Floor, [Aston Webb Building R6 \(/contact/directions/index.aspx\)](/contact/directions/index.aspx)
- Display and information desk  
[Chemical Engineering building, Y11 \(/contact/directions/index.aspx\)](/contact/directions/index.aspx)
- Engineering – Welcome  
[Civil and Mechanical Engineering Y3 \(/contact/directions/index.aspx\)](/contact/directions/index.aspx)
- Talks – Chemical Engineering: Engineering Products for the Consumer  
[Chemical Engineering building, Y11 \(/contact/directions/index.aspx\)](/contact/directions/index.aspx)
- Tours of Chemical Engineering will take place after each talk  
[Chemical Engineering building, Y11 \(/contact/directions/index.aspx\)](/contact/directions/index.aspx)
