

Undergraduate scholarships and prizes

The School of Chemical Engineering provides a number of scholarships to candidates with excellent academic records applying for undergraduate programmes, and awards prizes to our top performing undergraduate students at all levels of study.

Scholarships for UK/EU students

[Open all sections](#)

Entrance Scholarships for Chemical Engineering (Home/EU students):

The School of Chemical Engineering has a number of High Achievers Entrance Scholarships for Home/EU for candidates with excellent academic records applying for undergraduate programmes. We have:

- five at £4500
- three at £2650

There is no special application process for the scholarships – awards will be made automatically to all eligible UK and EU students admitted to the School of Chemical Engineering at the University of Birmingham.

These awards will be made to home/EU students who attain the highest tariff points on entry.

BP STEM Scholarships:

Launched in 2012, the BP STEM Scholarships are intended to encourage and support students with a passion for certain STEM (Science, Technology, Engineering & Maths) subjects.

Each year BP will offer scholarships to up to 10 students from the University of Birmingham. Each scholarship is worth up to £20 000 with scholars receiving £5000 per year for the duration of their degree (up to four years). The scholarship is not intended to cover fees but offer students support with the costs of resources and living. Learn more about the [BP STEM scholarships \(/university/colleges/eps/study/undergraduate/BP-STEM-scholarships.aspx\)](#).

Scholarships for international students

The following awards are available to all privately funded international students applying for undergraduate programmes in the School of Chemical Engineering:

	Amount awarded	Who is eligible?
Entry Scholarship	£1,500	International students who attain AAA or equivalent on entry
Excellence Scholarship	£3,000	International students who attain A*AA/AAAA or equivalent on entry
First Class Scholarship	£1,500	Students attaining >70% at the end of years 1 and 2 for BEng programmes and years 1, 2, and 3 for MEng programmes.

Students who receive sponsorship from any other body are ineligible for the above scholarships.

A wide range of international qualifications will be considered - [please contact the admissions tutor \(/schools/chemical-engineering/undergraduate/contact-us.aspx\)](#) to find out the criteria that would apply in each case.

Other scholarships

Music Scholarships

Birmingham's musical heritage reaches back to our first Professor of Music, Edward Elgar. Today, both the new Bramall Music Building and the Barber Institute host regular public performances from our two orchestras, choirs, bands and other music ensembles. In recognition of this legacy, the University of Birmingham will be offering new Music Scholarships to new undergraduates. [Learn more about the music scholarships. \(/undergraduate/fees/funding/music-scholarships.aspx\)](#)
