

Welcome Week 2014

Posted on Saturday 21st September 2013

Welcome back everybody, new and old, to the School of Chemistry after three glorious months of summer. To all Freshers, particularly, we hope you have a wonderful time at Birmingham University, studying Chemistry, and your social life lives up to expectations - making many lasting friends and having many interesting experiences.

During the welcome week, there are many events organised to help you settle in. A pdf of the induction timetable can be [downloaded here \(/Documents/college-eps/chemistry/news/WWtimetable-150914.pdf\)](#).

Dr Ian Shannon (Director of Foundation Year and Year 1)
School of Chemistry
