

## Undergraduate degree courses

We offer a wide range of challenging, up-to-date degree programmes. You can choose from the following list of accredited three year BEng and four Year MEng single or joint honours degree programmes. At Birmingham, everyone follows an integrated BEng or MEng route for the first two years. Once you have finished your second year you then choose whether to complete a BEng or MEng degree.

Civil engineering has been taught at Birmingham since 1875 (prior to the University's inception) which means that our graduates have been shaping the future for over 135 years. Our staff and students continue to be at the forefront of the Civil Engineering industry and work on a diverse range of projects which help to solve today's problems and those of the future.

Our Civil Engineering degrees offer the best of both worlds, a relatively small intake in year one enables us to provide high quality small group teaching, while the size and strength of the College of Engineering and Physical Sciences and the University provides the benefits you would expect from a large University. If you would like to know more reasons why we believe your experience at Birmingham would be special, please see [ten reasons to choose Civil Engineering at Birmingham. \(/schools/civil-engineering/about/index.aspx\)](#)

- [Civil Engineering BEng \(/undergraduate/courses/civil-engineering/civil-engineering-beng.aspx\)](#)  
Undergraduate, single honours, 3 years
- [Civil Engineering MEng \(/undergraduate/courses/civil-engineering/civil-engineering-meng.aspx\)](#)  
Undergraduate, single honours, 4 years

Undergraduate, Single honours, 3 years
- [Civil and Energy Engineering MEng \(/undergraduate/courses/civil-engineering/civil-engineering-energy-meng.aspx\)](#)  
Undergraduate, single honours, 4 years

## Foundation Year

If you want to study Civil Engineering at Birmingham but lack the traditional qualifications for direct entry to a degree programme, we offer the following foundation year programmes which may lead to any of the above degrees programmes:

- [Civil Engineering with Foundation Year BEng/MEng \(/undergraduate/courses/fd/civil-engineering-foundation.aspx\)](#)  
Undergraduate, single honours, foundation, 1 year
- [Engineering with Foundation Year BEng/MEng \(/undergraduate/courses/fd/engineering-foundation.aspx\)](#)  
Undergraduate, single honours, foundation 1 year

## Visiting us

We strongly encourage applicants and potential applicants to visit the University and the School. The University organises a number of [open days \(/undergraduate/visit/ug-opendays.aspx\)](#) every year when all Schools are open and there are various activities around the Campus.

Applicants to whom we wish to make offers are invited for a [UCAS visit day \(/schools/civil-engineering/undergraduate/applicant-visit-days.aspx\)](#) (from November). A link to forthcoming University open days can be found on the right side of this page. Please [contact the Admissions Tutor \(/schools/civil-engineering/undergraduate/contact.aspx\)](#) if you wish to visit at other times.
