

The Shakespeare Institute Players

The **Shakespeare Institute Players (www.shakespeareinstituteplayers.co.uk)** is a theatre company comprised of members of the Shakespeare Institute. Driven by the desire to enrich our understanding of plays from the Early Modern period through innovation, exploration and creative play, we offer the general public a chance to share our experiences of these texts through performance.

We make costumes, learn lines, write music, and re-discover what makes these plays so exciting, all in the midst of our various pursuits as students of the drama and the period. We invite you to join us for a performance of these remarkable plays!
