

Improvements in Graduate employability rates

Posted on Thursday 5th April 2012

Provisional results from the annual Destinations of Leavers from Higher Education (DLHE) survey show a significant improvement for graduates from the School of English, Drama and American & Canadian Studies. In 2011 a total of 73% were in graduate level employment or postgraduate education 6 months after graduating, compared to 68.4% for 2010.
