

## Laurence Arnold FRSA

### Doctoral Researcher

#### Current Status

Part time

#### Research Topic

Video as an educational tool in autism

#### Research Summary

I am looking at the preliminary results of this project which suggest that some of the classical cognitive theories do not translate into the moving image with the cross disciplinary implications that the current "science" does not tell the whole story in that the neglected "humanities" have as much if not more to inform us about the lived world of the autistic individual.

#### Research Interests

- Autism
- Critical Disability Studies
- Research Ethics

#### Research Supervisors

Dr Mitzi Waltz and [Dr Glenys Jones](/staff/profiles/education/jones-glenys.aspx) (</staff/profiles/education/jones-glenys.aspx>)

#### Funding

Self funded

#### Membership of Research and Professional Organisations

- Member of Kings College Autism Ethics Group
- Trustee, National Autistic Society

#### Publications

(1984 – 1998) *Ed. Trunk Calls Coventry Council of Disabled People*. Coventry
