

Scholarships and bursaries

There are a range of scholarships, bursaries and other support for new and current students at the School of Education.

The UK Government provides non-means tested loans to cover the full cost of part-time tuition for all eligible English resident or non UK EU undergraduates. View the [funding for part-time students \(/undergraduate/fees/funding/part-time.aspx\)](#) web page to find out if you are eligible.

Postgraduates may use the [Postgraduate Funding Database \(/postgraduate/funding/FundingFilter.aspx\)](#) to search for scholarships and bursaries. However, some of the scholarship schemes open to those within the School of Education are listed below. Please read any documentation carefully for eligibility and closing dates.

General funding advice may also be found on the [Student Funding Office \(http://www.as.bham.ac.uk/studentlife/finance/index.shtml\)](http://www.as.bham.ac.uk/studentlife/finance/index.shtml) webpages.

University of Birmingham Scholarships

Funding schemes administered through the University of Birmingham

Funding schemes administered by external organisations

If you wish to apply for funding for a research degree, please contact Helen Joinson for more information.
