

## Hear from our students

Find out what it's like to be a student in the School of Geography, Earth and Environmental Sciences, and see how our courses have helped past students in their chosen careers.

### Undergraduate

[\(/schools/gees/our-students/undergraduate/madeleine-geology.aspx\)](/schools/gees/our-students/undergraduate/madeleine-geology.aspx)

Madeleine, MSci Geology "At the University of Birmingham we're very lucky because we've got the Lapworth Museum. It's attached to the department and is a fantastic resource for learning about fossils and other aspects of geology." [Watch Madeleine's video...](#) [\(/schools/gees/our-students/undergraduate/madeleine-geology.aspx\)](/schools/gees/our-students/undergraduate/madeleine-geology.aspx)

### Postgraduate

[\(/schools/gees/our-students/postgraduate/linus-antlov.aspx\)](/schools/gees/our-students/postgraduate/linus-antlov.aspx)

Linus Antlov, MSc Hydrogeology "The course benefited me greatly because it exposed me to all aspects of hydrogeology, and I can now look at a hydrogeology project and understand the dynamics behind why water behaves the way it does under the ground." [Read Linus' full profile...](#) [\(/schools/gees/our-students/postgraduate/linus-antlov.aspx\)](/schools/gees/our-students/postgraduate/linus-antlov.aspx)
