

Masters degrees

We offer a wide range of taught Masters (MA and MSc) programmes, as well as Postgraduate Diplomas, Certificates and other qualifications that can be taken on a full-time, part-time or modular basis. For most Masters degree programmes you need to have a good degree (usually at least a 2:1) or an equivalent qualification in a relevant subject.

Some Masters degrees have additional requirements such as relevant work experience. MA / MSc programmes are a year in duration, while Diploma / Certificate courses are usually nine months (see individual programme descriptions for details). Taught masters programmes are assessed by a combination of coursework, examination and dissertation.
