

CREES Annual Report for 2011-12 highlights its vibrant research activity

Posted on Friday 21st December 2012

The CREES **Annual Report for 2011-12** (</Documents/college-social-sciences/government-society/crees/annual-reports/2011-12.pdf>) has just been published demonstrating the activities of the Centre and its staff.

The CREES annual report for the 2011-12 academic year highlights the department's status as one of the leading centres for the study of Russia, Eurasia, and Central and Eastern Europe. The report chronicles an active publication record, frequent interaction with the policymaking community and some notable measures of esteem bestowed upon members of the department, including the OBE for **Professor Julian Cooper** (</staff/profiles/government-society/cooper-julian.aspx>).
