**Professor Peymane Adab (/schools/haps/departments/publichealth/staff/list.aspx?ReferencelD=4958&Name=professor-peyman-adab)**

Professor of Chronic Disease Epidemiology & Public Health

Peymané's research interests are twofold, including behavioural epidemiology (specifically childhood obesity prevention) and chronic disease epidemiology (focusing on the epidemiology of COPD). She holds major grants in these areas from the National Institute of Health Research, and in the past from the Medical Research Council.

Peymané also takes an ...
