

## Prof Ian Henderson on Dara O'Briain's Science Club

Posted on Friday 30th August 2013

Did you spot Prof Ian Henderson on Dara O'Briain's Science Club on Thursday 29th August 2013?

Ian, who is Director of the Institute of Microbiology & Infection (IMI) at the University of Birmingham was discussing intestinal microbiota with Dara, these are the microbes that live in our intestines which can impact the health of the rest of the body.

The programme 'Invisible Worlds' is available to **view online** (<http://www.bbc.co.uk/programmes/b037mkj3/episodes/guide#b037ml9p>) until the 11th September 2013, or you can skip straight to **Ian Henderson's interview** ([http://www.bbc.co.uk/iplayer/episode/b039c6b9/Dara\\_O\\_Briains\\_Science\\_Club\\_Series\\_2\\_Invisible\\_Worlds/?t=17m37s](http://www.bbc.co.uk/iplayer/episode/b039c6b9/Dara_O_Briains_Science_Club_Series_2_Invisible_Worlds/?t=17m37s)).
