Controlling Crypto-currencies - conference at Birmingham Law School (</schools/law/events/2015/crypto-currencies.aspx>)

12/06/2015

University of Birmingham

The purpose of the conference is to bring together practitioners, stakeholders, financial regulators, and academics to discuss the most important issues raised by crypto-currencies, with a view to creating a solid research platform to inform emerging regulatory and private law frameworks.

Topics will include: jurisdiction, asset-seizure, money-laundering, computer security, private law control and economic stability.
