Posted on Wednesday 29th June 2011

**Dr Elystan Griffiths** (</staff/profiles/german/griffiths-elystan.aspx>) has co-edited and contributed to a special journal issue of ***German Life and Letters*** (<http://www.wiley.com/bw/journal.asp?ref=0016-8777>) entitled 'Performance and Performativity in the Works of Heinrich von Kleist'. The volume examines an under-explored area in the study of the work of Heinrich von Kleist (1777-1811).

The appearance of the volume coincides with the *Kleist-Jahr* commemorating 200 years since the writer's death.
