

Alumni

We value our alumni and would like to provide you with the opportunity to stay in touch with each other and with the School of Mathematics. In particular we are interested to hear about your career and to learn about your achievements. If you would like to visit us, or would like any information about the School of Mathematics then please contact our **Alumni Officer** (</schools/mathematics/alumni/alumni-contact.aspx>).

All alumni are welcome to attend the **seminars** (</research/activity/mathematics/seminars.aspx>) organised in the School of Mathematics, and the Pure Mathematics Colloquium may be of particular interest as it is accessible to a general mathematical audience.

Events and reunions

The University of Birmingham Alumni Office organises several **events and reunions** (<http://www.birmingham.ac.uk/alumni/events/index.aspx>) throughout the year. The reunions include a reception held in School of Mathematics, a lunch, campus tours and a range of other activities. Reports and galleries of past events are also available.

For more information see the **university events and reunions page** (<http://www.birmingham.ac.uk/alumni/events/index.aspx>).
