

## Current postgraduate students

The following directory gives the telephone extension and email address for current MPhil/Postgraduate students in the School of Mathematics.

Please note: This list may not be complete as implicit permission from students is required before inclusion - this may not have been given in all cases.

For telephoning from outside the University (but within the UK), add the prefix 0121 41 to the telephone number listed below.

If you're calling from outside the UK, use the prefix 44 121 41 instead.

### 1st year
