

Paper published in the journal 'Cortex' has been selected by journal for world-wide press release

Posted on Thursday 1st September 2011

A paper from SAAL researchers (and collaborators) published in the journal 'Cortex' has been selected by the journal to be featured in a press release to promote top international science published by the journal. The citation for the paper is;

Braithwaite, J.J., Hulleman, J., Samson, D. & Apperly, I. (2011) Cognitive correlates of the spontaneous out-of-body experience in the psychologically normal population: Evidence for a role of temporal-lobe disturbance, body-distortion processing, and impairments in own-body transformations. Cortex(47), 839-853.
