

## New grant: The Leverhulme Trust

Posted on Monday 16th April 2012

We are delighted to announce that Dr Jason Braithwaite has been awarded a grant to develop event-related psychophysiological methodologies to examine factors associated with visual dysfunction, cortical hyperexcitability and hallucinatory out-of-body experiences. The grant, awarded by The Leverhulme Trust, is for 3-years. Dr Chie Takahashi was appointed as the Research Fellow supported by the project.
