### About

**Title of PhD:** Regret and decision making in neurologically damaged patients

**Supervisors:** [Dr Sarah Beck \(/staff/profiles/psychology/beck-sarah.aspx\)](/staff/profiles/psychology/beck-sarah.aspx) and [Professor Glyn Humphreys \(/staff/profiles/psychology/humphreys-glyn.aspx\)](/staff/profiles/psychology/humphreys-glyn.aspx)

Caroline Putt is undertaking doctoral research investigating counterfactual thinking, regret and decision making in neurologically impaired patients. To gain a full understanding of the neurological processes involved in counterfactual thinking and decision making, I research the component processes of counterfactual emotions and investigate the brain areas that facilitate behavioral modification.

### Qualifications

BSc Psychology (Birmingham)  
MRes Psychology (Birmingham)

### Biography

Caroline Putt completed her undergraduate degree in psychology, immediately followed by her postgraduate research masters in psychology, both at the University of Birmingham.

### Research

#### Research interests

- Counterfactual Thinking
- The role of regret in decision making
- Neuropsychological disorders of attention
