

## Video: Simon Holbrook, MSc Health Care Policy and Management

### MSc Health Care Policy and Management

I have to say I have enjoyed every second at Birmingham, it has been fantastic. I've really enjoyed working with other students and from other disciplines which has been a fantastic experience. The conversations you have during tea breaks and during sessions is invaluable, it really is good, but also students from other countries as well bringing in their kind of views and experiences, it's just been fantastic."
