

Our alumna Non Stanford becomes ITU World Triathlon champion

Posted on Monday 23rd September 2013

Congratulations to our BSc Sport and Exercise Sciences alumna Non Stanford on becoming ITU World Triathlon champion on Saturday 14 September 2013.

Non, who says of her time at University of Birmingham "I can honestly say that the University of Birmingham, along with the School of Sport and Exercise Science, shaped my future and made me the person I am today" overcame a 15 second penalty to win in the Grand Final in London.
