About

Clive Liles is programme leader for the MSc Advancing Practice and MSc Health Studies courses offered within the School. His interests are in developing and implementing education and training for health care professionals, inter-disciplinary shared learning (professional practice and service development) and effective preparation of learners for professional practice and practice development at pre- and post-registration.

Qualifications

- MA University of Birmingham 1994
- Cert Ed 1990
- Dip TP 1990
- MCSP 1984

Biography

Clive Liles Qualified as a Chartered Physiotherapist in the West Midlands in 1984. He worked in London and Birmingham, developing an interest in Cardiorespiratory Physiotherapy and Mental Health. He practiced as a full time physiotherapist for six years before leaving his clinical post and entering Higher Education. He has worked in the education and training of physiotherapists and other health professionals across two education providers in the West Midlands. His interest led him to complete his M.A. with the University of Birmingham in 1994, examining aspects of supervision and learner growth. Current interests include developing and implementing effective educational practice in health care professionals, around independent learning, self-development and autonomy.
