Birmingham Business School  
University House  
Birmingham  
B15 2TT

### About

Sarah's research interests are focused in the area of Social Marketing and specifically the efforts related to physical activity and alcohol consumption. For example, Sarah has researched topics ranging from how an individual is classified as sufficiently active to help with the identification of receptive insufficiently active individuals, to a students' ability to recall units of alcohol consumption. Each research project Sarah pursues is driven to understand more about how to inform and aid an individual's voluntary behaviour change.

### Qualifications

- BCom (Marketing), University of Otago
- PGDipCom Marketing (Distinction), University of Otago
- PhD, University of Otago

### Teaching

Sarah is lecturing Services Marketing to MSc students and Social Marketing and Societal Issues to BSc students.
