About

Eric Shiu is major in marketing in general and innovation management in particular. He is the principal researcher, supervisor and teacher in the area of innovation management within the Department of Marketing. He is involved in disciplines closely related to innovation management, including creativity theory and practice, technology management as well as knowledge management. He has also occasionally conducted research in other selected marketing and management areas such as inter-organizational relationship, retailing, and food marketing.

Qualifications

MA with Distinction (Lancaster)

MSc by Research (Edinburgh)

PhD (Edinburgh)

PG Cert Learning and Teaching (Birmingham)

Fellow (Higher Education Academy)

Biography

Eric Shiu achieved an MA degree with distinction at Lancaster University. Afterwards, he underwent a doctoral research training programme through which he was awarded an MSc by Research degree, and then accomplished a doctorate at the University of Edinburgh. Prior to joining the University of Birmingham Business School, Eric taught at the University of Edinburgh. He has received a Certificate of Award after successful completion of the International Teachers Programme organised by the International Schools of Business Management.

Eric has accumulated more than ten years of research experience across academic, governmental as well as industry domains, which earned him a number of research excellence awards.

Additionally, an adapted paper of his PhD research has assisted him in receiving the first prize research award from the UK Online User Group. More recently, he has won the best research paper award from European Applied Business Research Conference in Athens, Greece. To date he has published more than thirty research papers.

Eric has also been recently awarded a grant from European Science Foundation allowing him to carry out research collaboration with like-minded academics at continental European universities. He has also successfully completed a high-tech product research consultancy project funded by Advantage West Midlands.

Teaching

Eric currently teaches two modules – Marketing Research as well as Product and Innovation Management – for the MSc Marketing Suite students. He previously taught International Marketing as well as New and Hi-Tech Product Marketing.

Postgraduate supervision

Eric supervises students of undergraduate, master's and PhD levels, and has been an examiner of a number of external and internal PhD theses. To date he has successfully nurtured six PhD graduates.

Research

- Innovation management
- Creativity theory and practice
- New product management
- High technology product management
- Selected marketing and management research areas

Other activities

Eric is currently Director of Education for the Department of Marketing. In this role, he is the key academic contact for the educational matters of the department, and is keeping track of the teaching and learning activities for quality assurance and continuous improvement purposes. Prior to this role, his longest serving administrative and management role was as Admissions Tutor for the MSc Marketing Suite. He also acted as Dissertation Coordinator for the MSc Marketing Suite, Year Aboard Tutor and International Exchanges Coordinator for the BSc Management programmes, Acting Director for the MSc Marketing programme, as well as Admissions Tutor for the former Bachelor of Commerce programme.

Externally, Eric sits on the programme committee for European Conference on Entrepreneurship and Innovation, which is held annually in European cities. He is founding member of Network for Interdisciplinary Creativity Knowledge. He is also member of ESOMAR, PDMA, ISPIIM, SAS User Group and SPSS User Group.
