About

W Stanley Siebert is Professor of Labour Economics at the Business School, where he has worked since 1980. He gained his PhD at the London School of Economics. He has published widely in the major economics and industrial relations journals including the Academy of Management Journal, British Journal of Industrial Relations, Industrial & Labor Relations Review, Management Science and Oxford Economic Papers. He is the author of two texts on labour economics The Market for Labor: An Analytical Treatment (with John Addison) and The Economics of Earnings (with Solomon Polachek). He has also edited a survey of European labor market regulation Labour Markets in Europe: Issues of Harmonisation and Regulation (co edited with John Addison).

Stan is a member of IZA (Institute for the Study of Labour, Bonn) where most of his recent papers can be accessed (www.iza.org (<http://www.iza.org>)). He has recently gained an ESRC-Hong Kong RGC grant to study personnel practices in China.
