Edgbaston
Birmingham, B15 2TT

About

Janine has considerable experience in conducting evidence syntheses, systematic reviews and health technology assessments (HTA) for different customers such as NICE and commissioners of healthcare. She is currently Principle Investigator on a project on the clinical and cost-effectiveness of immunotherapy for hay fever. Janine also teaches on the HTA stream of the MPH and coordinates the 'methodological basis of HTA' module.

Qualifications

- MSc Health Technology Assessment (University of Birmingham 2003)
- MSc Environmental Management (University of Stirling 1996)
- BSc Biological Sciences with Microbiology (University of Warwick 1995)

Teaching

- **[Public Health \(Health Technology Assessment\) MPH/Diploma/Certificate \(/postgraduate/courses/taught/med/public-health-tech-assessment.aspx\)](#)**

Research

Evidence syntheses, systematic reviews, health technology assessments

Other activities

Module coordinator for the 'methodological basis of HTA' module of the MPH (HTA)
