### About

Leigh works as a Governance Support Officer, providing administrative support to the Clinical Trials Quality Assurance Manager and the Director of the Human Biomaterials Resource Centre (HBRC).

Leigh's role involves providing assistance with the preparation and updating of key policies and Standard Operating Procedure (SOP) documents and providing administrative support for the application/review system within the HBRC for access to human biomaterials and associated data.

Leigh is also responsible for maintaining the diary of the Director of the HBRC.

### Qualifications

- BA (Hons) Combined Studies 1993 University of Humberside
