About

Judith works pro-actively on long-term projects to improve the quality of the teaching and learning experience, in collaboration with the Programmes Manager and Head of Quality and Accreditation. This involves liaison with staff and students in order to identify, monitor, evaluate and review processes and procedures, and to develop new systems relating to student administration.

As well as this primary focus on quality assurance in student provision Judith has administrative responsibilities associated with the development of programmes and modules, and the preparation of documentation for quality reviews, internal and external audits.
