About

Mark is a Professor of Health Policy and Management at the Health Services Management Centre, University of Birmingham.

Qualifications

- PhD, Queen Mary and Westfield College, University of London
- BSc, Loughborough University

Biography

Mark has previously held posts at Southampton University, London School of Economics (LSE), University College London (UCL), Oxford Brookes and Royal Holloway University of London. He was also a Harkness Fellow in health care policy, based at University of California-San Francisco (UCSF) (funded by the Commonwealth Fund of New York). Mark is also currently a Visiting Professor at the University of California-San Francisco.

Research

Mark's research interests fall into 3 :

- Governance and implementation relating to policies to tackle health inequalities and other social 'problems'.
- Professionals and managerialism in health care organisations (especially relating to management of clinical performance).
- Decentralisation in health care organisations.

Mark's research has been funded by the ESRC, NHS (Dept of Health and NIHR), Joseph Rowntree Foundation, NHS Confederation and the Commonwealth Fund of New York. He has been involved as PI or co-PI on research grants totalling £2.5m.
