

Students with disabilities, learning difficulties and additional requirements

We offer a wide range of specially adapted accommodation for students with disabilities and welcome everyone to apply for University accommodation. To help us find the best place for you to live, you'll need to tell us as much about your disability or health condition as you can on your confidential application form. We also recommend you contact the **Disability and Learning Support Service or Mental Health Advisory Service** (<https://intranet.birmingham.ac.uk/as/studentsservices/disability/index.aspx>), or telephone +44(0)121 414 5130.

Specially adapted accommodation

You'll find we have a wide range of adapted accommodation across a variety of locations. This includes rooms with mobility adaptations, and visual and vibrating fire alarms. There's more information on the **Disabled Go** (<http://www.disabledgo.com/en/org-results/university-of-birmingham/uni-accommodation>) website and we have a **mobility map** ([/Documents/university/mobility-map.pdf](#)) (PDF - 373KB) of the University campus available online too.

Taster Stays

So that you can experience our accommodation first hand before you start your course, we offer Taster Stays where you spend a few hours or stay overnight during the summer in our Vale Village.
